

UK Non-Medical University Admission Packages

These packages are designed for students applying to non-medical schools in the UK

1- Basic Package ‘Application Ready’

- **University Shortlisting & Selection**
We'll take you through the process of choosing the most suitable UK University for your academic profile, personal interests, and future career goals.
- **Personal Statement**
Assistance in crafting persuasive and effective personal statements that showcase your strengths.
- **University Admission:**
Complete assistance with application forms, document submission, and follow-up.
- **Interview Preparation**
One-to-one mock interviews for the traditional panel interviews. We'll conduct mock interviews, providing constructive feedback and guidance to allow you to perform with confidence.
- **Visa Application Guidance**
Tier 4 visa application support, including documentation, visa interview preparation, and submission.
- **Accommodation Arrangement Assistance:** Personal help in organizing accommodation near the university.

2. Premium Package ‘Full University Admission Support’

- **University Shortlisting & Selection:** Extensive University Consultation: We'll take you through the process of choosing the most suitable UK University for your academic profile, personal interests, and future career goals.
- **IELTS Exam Preparation:** Serious, intensive preparation with practice tests, criticism, and recommendations to prepare the student with all the information required to take the IELTS exam.
- **Personal Statement & Application Guidance:** Personal Statement Coaching: Detailed feedback and coaching to help you write an effective personal statement that reflects your motivation for your study program, academic abilities, and extra-curricular activities related to the career you are aspiring to have.
- **UCAS Application Support:** Assistance with completing and submitting the UCAS application to ensure that your application is strong, mistake-free, and meets all the criteria.
- **Interview Preparation:** Panel Interview Coaching: One-to-one mock interviews for the traditional panel interviews. We'll conduct mock interviews, providing constructive feedback and guidance to allow you to perform with confidence.
- **Profile Building:** Assisting in the identification of pertinent extracurricular activities that will make your application stronger, for example, volunteering at organizations, internships, or conducting field-related research. Plus, suggestions on how to acquire hands-on experience, either through company/factory internships, research internships, or social work in the community. Guidance on how to cultivate imperative skills and hold leadership positions in applicable clubs or volunteer groups, demonstrating your

initiative and leadership capabilities. Tips on how to properly document and present your experiences highlighting the skills and qualities most valued by UK universities (e.g., teamwork, empathy, problem-solving, communication).

- **Visa Application Guidance:** Tier 4 visa application support, including documentation, visa interview preparation, and submission.
- **Pre-Departure Guidance:** Pre-departure training to ensure a smooth transition into UK life, including familiarization with the healthcare system, accommodation, and student life necessities. Help with securing student accommodation close to your university.
- **Ongoing Support throughout the Process:** From start to finish, we provide ongoing support via email and phone consultations to ensure that you're on the right path with each component of the application process, and beyond.

Ideal For:

Students who wish to apply to UK universities and need comprehensive help to overcome the competitiveness of admissions. This package will allow them to excel in their application, and interviews, and stand out.
